Pediatric Intensive Care – Boot Camp

December 06-07, 2024
Gunten, Lake Thun

igpni-2024.congress-imk.ch

WELCOME

Dear Colleagues

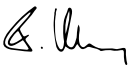

We are delighted to invite you to the pediatric intensive care bootcamp in Switzerland organized by the Pediatric and Neonatal Intensive Care Interest Group (IG PNI) of the Swiss Society of Intensive care medicine (SGI/SSMI).

This two-day course is unique in Switzerland and geared towards sparking an interest in critical care topics among aspiring residents, fellows, junior attendings and nurses who work in the PICU and NICU or are considering to pursue intensive care medicine.

This year's focus will be on pediatric organ donation, non-invasive ventilation and the value of teamwork in the PICU, the two latter topics will run as workshops. We are especially excited to welcome Professor Peter Cox, former director of the PICU in Sick Kids, Toronto, in this year's boot camp. He will lead the workshop on teambuilding and also give a speech on how to deal with the fine balance between success and failure in the PICU.

Our course is designed to facilitate networking among PICU and NICU health care providers in Switzerland, while promoting collaboration in a stimulating learning environment on the shores of picturesque Lake Thun at the foot of the Swiss Alps.

We look forward to welcoming you in Gunten this December!

PD Francis Ulmer, MD
Consultant
Hirslanden Zurich

Janet Kelly, MD
Consultant
PICU Zurich

Prof. Martin Stocker, MD
Head of
PICU/NICU, Luzern

Bjarte Rogdo, MD
Head of Dept.
Pediatrics Chur
